## Basic Rules

- The object of the game is for teams to pass a ball around and to shoot it into the goal ring to score goals.
- During play, a player with the ball can only take one step before passing it. She must also pass or shoot for goal within three seconds.
- However, goals can only be scored by the assigned shooting players. Netball games are divided into 15-minute quarters - 60 minutes long - at the end of which the team with the most goals scored wins.
- Only the Goal Attack and Goal Shooter are able to score goals directly inside of the semicircle. The umpire's whistle signals the goal is scored.
- It is the job of the Goal Defence and Goal Keeper to block the Goal Attack and Goal Shooter from shooting and they must be three feet or more away from the landing foot of the shooter. Or else, this is a violation called an obstruction.
- If a player completely misses a shot, the player may not catch it. It will be considered a "replay" if she does and a free pass will be awarded to the other team.
- Each position may only enter certain areas of the netball court.
